

TOUR **VALLDEMOSSA and OLIVE MILL full day**

Majorca tour to Valldemossa and the olive oil mill in Caimari.

DESCRIPTION:

This is a full-day guided trip.

Once we have picked up the clients, we go to Caimari, arriving at about 09:30.

Caimari is a small village situated in the foot of the Tramuntana mountain range. There, we visit the olive oil factory of Caimari, the main olive producer of the island. We explain to the clients the process of olive oil elaboration and the olive oil culture. Also, we watch a 15 minutes video that shows us the production of olive oil in the factory. After that, the clients can taste the olive oil with some quelly biscuits or bread. There is a shop offering olive oil and other mallorcan products, in case the clients want to buy anything. We stay in the olive oil factory for about 1 hour.

Then we drive to Valldemossa, arriving at about 11:45 and we offer the clients an optional guided walk that lasts about 1 hour at no extra cost. The clients have free time to visit the village, Costa Nord or The Carthusian Monastery (not included in the price)
